

**Be a partner in possibility and help Art with Heart spread the healing power of creative expression to kids facing trauma or adversity.**

ART WITH HEART

### **Board Membership**

Art with Heart is on a mission to spread the healing power of creative expression to kids facing trauma or adversity. In the United States, 35 million kids will experience trauma before their eighteenth birthday. Most of them will never receive the mental health intervention they need. Since 1996, our therapeutic activity books for kids and complementary curricula and training for youth-serving adults have created opportunities for young people to benefit from a creative outlet that can turn despair into hope. With your expertise, time, and wisdom, we can reach more kids than ever before.

### **Art with Heart Board of Directors**

Art with Heart is composed of a talented diverse group of people who bring energy and expertise from all sectors. Board membership includes mission-based leadership, governance, and fiduciary responsibilities. The board assists with strategic planning, fundraising, and leadership across a variety of committees. As the organization innovates for the next decade of growth, the board will be instrumental in contributing important vision, strategy, and creativity to sustain and amplify organizational impact. The board will also ensure the organization runs effectively, scales intentionally, and leads the movement in the use of creativity as a healing modality.

### **Benefits & Commitment**

Board membership simultaneously offers an opportunity to help kids facing trauma or adversity around the world by sharing your expertise while allowing you to expand your professional network and gain new skills.

- Three-year renewable term
- Attendance at monthly board meetings
- Personally significant annual financial contribution
- Service on a committee or task force
- Recruitment and cultivation of new donors and board members
- Participation in annual professional development training, board retreat, and key fundraisers
